mrs collette kemp,

Thank you for your representation which we received as follows:

Representation ID: 2546
Document: Southend Central Area Action Plan (SCAAP) - Revised Proposed Submission 2016
Section: Policy DS5 - Transport, Access and Public Realm
Support/Object: Support

Southend really needs to improve the facilities for pedestrians and cyclists so I and my family are in full support of these proposals. It should be very expensive to park as it is in places such as Cambridge to discourage people from using their car or the town will come to a complete standstill. I would like to see an improvement in air quality, more greenery and less noise. We currently avoid coming into central Southend or bringing visitors there as it is just embarrassing.
